International Scientific and Practice Conference "SURGICAL DEBRIDEMENT AND BIOPHYSICAL METHODS OF WOUND AND PURULO-NECROTIC FOCUS TREATMENT IN CHILDREN AND ADULTS"

17–18 Dear colleagues!

may
2021,
Moscow

Surgical debridement is the gold standard in helping patients with purulent foci of any etiology and localization. The outcome and prognosis of treatment, as well as functional and cosmetic results, depend on the radicalism, thoroughness, and accuracy of this operation. Surgical debridement of the purulent focus is performed throughout the entire period of the existence of surgery and its underlying principles undergo minimal changes over time. However, at all specialized congresses and conferences, questions of terminology and nomenclature are always actively discussed in relation to this operation, and additional methods of physical, chemical, and mechanical effects on the wound are constantly being reported with the aim of cleansing and transferring it to the reparative stage. All these aspects require discussion, reflection and regular exchange of experience, in connection with which it was planned to hold this forum (the previous conference was held in May 2014, its materials can be found at: <https://woundsurgery.ru/mezhdunarodnaya-nauchno-prakticheskaya-k-6/>).

The Organizing Committee draws the attention of healthcare organizers (chief physicians of medical institutions, chief surgeons of constituent entities of the Russian Federation, departments and ministries of healthcare) to the upcoming conference and recommends sending its specialists to participate in it: general, purulent, vascular, pediatric surgeons, resuscitation anesthetists, combustiologists, traumatologists, oncologists, as well as nurses of specialized departments of hospitals and outpatient departments.

The conference will be held from 17 to 18 May 2021 at the address: 22 Bolshaya Polyanka st., Moscow, Russia (SBHI "Research Institute of Emergency pediatric surgery and traumatology Moscow Healthcare Department").

Conference organizers

RPO "Surgical Society – Wounds and Wound Infections"
Société Française et Francophone des Plaies et Cicatrisations
SBHI "Research Institute of Emergency pediatric surgery and traumatology Moscow Health Department"
FSGI "A.V. Vishnevsky National Medical Research Center of Surgery" Ministry of Health of Russian Federation
FSAEI HE "Peoples' Friendship University of Russia" Ministry of Education and Science of Russian Federation
Russian Surgery Society
Regional Public Organization of Moscow Nurses
International Fund of Assistance to Children suffered in Catastrophes and Wars

Themes of the Conference:

1. The history of the doctrine of the surgical debridement of purulent wounds in children and adults.
2. Primary surgical debridement of wounds (post-traumatic, infected) in children and adults.
3. Surgical debridement of wounds and purulent-necrotic foci in children and adults.
4. Modern physical methods of surgical debridement (hydrosurgery, ultrasound cavitation, pulsating fluid stream, controlled abacterial environment, ozone, plasma technology, NPWT, etc.).
5. Biosurgery (larvae of flies for surgical debridement).
6. Enzymatic and autolytic wound cleansing, modern devices and new dressings.
7. Features of surgical debridement of wounds and purulent-necrotic foci in:
 - pediatric surgery;
 - traumatology and orthopedics;
 - purulent surgery;
 - thoracic surgery;
 - abdominal surgery;
 - cardiovascular surgery;
 - combustiology;
 - oncology;
 - plastic and reconstructive surgery.
8. Features of surgical debridement of purulent bone wounds.
9. The choice of anesthesia method in the surgical debridement of wounds and purulent-necrotic foci in children and adults.
10. The role of nursing care (hospital, clinic, home) in organizing and assisting patients which need of wound surgical debridement.
11. Features of the organization of medical and surgical care for patients which need of wound surgical debridement, including modern approaches to financing and payment of completed cases in the compulsory medical insurance system.

Abstracts sent before the 15th of March 2021 will be published in the conference information package after approval by the Organizing Committee.

P R E S S - R E L E A S E

Abstracts up to 4 pages in electronic form (MS WORD, Times New Roman font, text size 12, interval 1.0) must be sent on the e-mail: 9057176757@mail.ru. In the end of the text there should be listed surname, name, paternal name, address with the postcode, telephone number and e-mail.

The name of the text – capital letters.

Surnames, names and paternal names of author and co-authors – capital letters.

The name of healthcare or scientific organization, where the author or co-authors work; the city and the country – lower case letters.

Note. If co-authors work in different organizations, it is needed to put ordinal number after the surname of each co-authors, and in graph "The place of work of co-authors" it is needed to notice consistently the organizations.

The structure of abstract. The names of headings: "Relevance", "Object", "Materials and Methods", "Results", "Discussion", "Conclusions".

Note. If the theme of abstract is "Clinical case", the name of headings isn't needed to keep up. After the name of the heading the sentence should begin from the lower case letter.

Attention! Participation in all scientific events and the certificate of participation with NMO points are provided free of charge for all registered persons! Payment is made only for the package of the conference participant (if necessary).

Participant Package Price:

Members of the RPO "Surgical Society - Wounds and wound infections", speakers *	- 0 ₺
Clinical residents, graduate students, nurses	- 500 ₺
Physicians, lecturer, professors	- 1000 ₺

Participant Package includes:

- participant's portfolio (conference program, abstract book, conference materials),
- Wounds and Wound Infections. The prof. B. M. Kostyuchenok Journal,

Payment of the participant's package will be made upon registration.

* Joining the Society at www.woundsurgery.ru.

Address of Organizing Committee:

27 Bolshaya Serpukhovskaya Str., Moscow, 117997

FSGO "A. V. Vishnevsky National Medical Research Center of Surgery" Ministry of Health of Russian Federation
